

# See Any Provider You Like with Imagine Health

## Tenet Health: Care You Can Count On

When you choose Tenet Health, you have access to primary and specialty care clinics, diagnostic imaging centers, micro-hospitals and off-campus emergency departments. Its vast network of providers is focused on providing you with expert care combined with a healthy dose of attentiveness and support.

In addition, many Tenet Health providers can now 'see' you online, and it's as easy as ever to make an appointment. Telehealth lets you stay safely at home and get the diagnosis and care plan that you need. All you need is a mobile device with a camera.

For more information on Tenet Health as a featured provider, visit our special webpage by [clicking here](#).

## Price Protection Wherever You Go

Our provider partners help you get quality care without overpaying. This includes access to care from our featured partner, Tenet Health, but also an additional 350+ primary care physicians and specialists.

Need to see a provider who is not an Imagine partner? We'll review your claims to make sure you pay a fair, reasonable price for care, wherever you go. If a provider ever bills you for more than your plan's allowable claim limits, just call the number on your benefits ID card.
