

Princeton Medical Center

One Plainsboro Road | Plainsboro, NJ 08536

Princeton Medical Center (PMC) is an acute care teaching hospital that is part of Penn Medicine Princeton Health. The hospital has been recognized for providing exceptional clinical care.

In 2018, Princeton Health became part of the University of Pennsylvania Health System and PMC continues providing high-quality care to patients close to home, while offering access to world-class care for complex conditions and innovative clinical trials available at Penn Medicine hospitals in Philadelphia.

In 2021, PMC was rated high performing in orthopaedics, knee replacement, and treating COPD, kidney failure, and heart failure as part of *U.S. News & World Report's* Best Hospitals ratings.
