

TriHealth Priority Care  
Is Urgent Care.

## No appointment necessary.

When you have a medical need that cannot wait for a visit with your physician, or you don't have a physician, our medical team is here for you seven days a week. It's what makes TriHealth Priority Care different. And, through our integrated system, your physician will have access to information about the care you receive. It's just another way TriHealth is helping you live better.

As part of TriHealth's full spectrum of care, Priority Care offers:

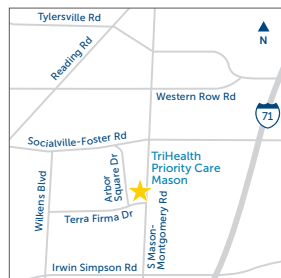

- Walk-in care for urgent but less-than-emergent issues
- Medical care for adults and children (ages 2 months and older)
- Minimal wait times
- Care seven days a week, including evenings, weekends and most holidays
- Copay similar to that of a physician office visit for most insurance plans
- Communication about your care throughout the TriHealth system and with your physician to ensure better care for you
- The TriHealth Laboratory's high-quality process
- The expertise of radiologists from Bethesda and Good Samaritan hospitals

**Anderson**  
7991 Beechmont Avenue
